**Touch of Bau!**

The Bau pendant light combines geometric shapes with a unique and creative concept. Design by Vibeke Fonnesberg Schmidt, NORMANN COPENHAGEN.

**We see you**

The Hervé Langlais mirror that gives a 180-degree view thanks to its convex, eye shape. GALERIE NEGROPONTES.

**5 in 1**

The Twig chair is nothing short of genius – it combines 5 variants in one model. How? Due to its inter-changeable pieces. DESIGN BY OKI SATO, ALIAS.

**Pottery table**

The Fong table has an unusual twist – each of its sandstone feet is slightly different, handmade and unique, a trademark of its designer Xavier Mañosa, a trained Potter. BD BARCELONA DESIGN.
